PROFESSIONAL EXPERIENCE

Devmountain | Lehi, UT

September 2020 - November 2020

Java Software Engineering (student)

BlogCert - [GitHub](#) | [Demo](#)

Java | Spring Boot | Maven | Java Data JPA | Java Web MVC | Google ZXing | JavaScript | PostgreSQL

- Formulated a blockchain credentialing service where job seekers may pre-verify their certificates, licensure and diplomas and have these conveniently provided to employers via a QR code.
- Blockchain serves as a timestamp of the verifications and may viewed by future employers.

JavaScript Full-stack Development (student)

Yahoo! Playground- [GitHub](#) | [Demo](#)

JavaScript | Node.js | Express.js | PostgreSQL

- Developed a stock trading app that utilized the Yahoo! Finance API. Real time stocks may be purchased by the user with this trading simulator.
- Created a PostgreSQL database to store user information, wallet amount, purchased stocks, and portfolio watch list.
- Lookup tool is featured which allows the user to search any company on the New York Stock Exchange and view all relevant financial data, asset profile and company profile information. A link to the company's investor relations page is featured.
- Open/closed feature which pulls Dates for Utah and New York to determine if the trading floor is open for trading.

PartNet, Inc. | Salt Lake City, UT

December 2018 – September 2022

Talent Acquisition Lead - Technology

- Collaborate closely with the executive leadership to coordinate the procurement of senior and junior Full-Stack Software Developers and Quality Assurance Specialists. All hires must be highly vetted and possess a Top-Secret security clearance. My additions to each team have proved essential in the development and testing of mobile and web applications for the US Department of Defense.
- Working hand in hand with management to develop and apply the best talent acquisition practices within all business operations.

Black Turtle Services | Draper, UT

November 2018 – December 2018

Recruitment Coordinator - Sales

- Executed full lifecycle recruitment to fill contracted positions to keep our clients fully staffed. In this seasonal position, speed and accuracy were crucial for success.
- Fast-paced, high-pressure, high-production.

Provider Healthcare | Salt Lake City, UT

April 2017 – September 2018

Physician Recruitment - Healthcare

- Expanded the company into the Texas, Washington, and Pennsylvania markets. Analyzed employee performance of six recruiters through Salesforce, continuously optimizing and boosting overall sales performance.

Credentialing Manager

- Succeeding as a team alongside Logistics Specialist and AP-AR Manager.
- Screened 9 - 12 physicians on average, weekly, with regular customer interaction. Created trust and meaningful relationships. This expanded my network within the medical community.
- Networked among internal teams and customer's HR departments to eliminate bottlenecks within the credentialing process.

Salesforce Administrator

- Collaborated with executive leadership to use Salesforce to its highest potential, aiming to optimize talent acquisition efforts. Managed the Applicant Tracking System for all recruiters.
